Description
Protect your compact Canon XA40 or XA45 camcorder against the elements with our camRade wetSuit XA40/45. This rain cover can also be used to cover the older XA camera types.

Unwanted sound effects caused by wind and rain are reduced by the soft lining of the fabric and transparent windows allow full view when adjusting the menu, audio input select level and other controls.

The vinyl window over the LCD touch screen can be expanded so you can flip open the screen during operation.

This item will be delivered to you in a waterproof pouch with zipper, which you can use for storage and transportation of the cover when not in active use.
