Productname: camRade wetSuit EOS C300 Mark II
SKU: CAM-WS-EOSC300-M2
EAN/UCC: 8718591671241

Resistant against:

Description
The camRade wetSuit EOS C300 Mark II is a form-fitted rain cover for the Canon EOS C300 Mark II camera. The water-resistant fabric with soft lining protects your camera against bad weather conditions.

The near silent fabric minimalizes unwanted sound effects caused by wind and rain and reduces the chance of the camera overheating by allowing hot air to escape via the openings in the cover.

The wetSuit has clear vinyl windows for visibility when adjusting the menu, audio input select level and other controls. The suit is supplied with two sizes transparent vinyl lens covers. Also, a separate audio cover and monitor cover are included in the package. These allow full movement during operation. The cover can be fastened underneath the camera with hook and loop fasteners.

This item will be delivered to you in a waterproof pouch with zipper, which you can use for storing and transportation of the cover when not in active use.
