Productname: camRade wetSuit GY-HC500/550
SKU: CAM-WS-GYHC500-550
EAN/UCC: 8718591672972

Resistant against:

Description
The camRade wetSuit GY-HC500/550 is a tailor-made rain cover that protects your Connected Cam against bad weather conditions.

Made of a special fabric with a soft lining, this flexible cover can be used for both the GY-HC500 and the GY-HC550 camcorders.

The cover reduces the chance of the camera overheating by allowing hot air to escape via cleverly designed vents.

The LCD monitor is well protected by a completely transparent vinyl pouch attached to the main body cover.

The top handle cover also protects the viewfinder and the microphone. On the side a special opening is created for when you are using the wireless unit with antennas on your Connected Cam.

The bottom of the cover can be opened and closed in various ways with the multiple (4) zipper system.

This item is supplied in a waterproof pouch with zipper, which you can use for storage and transportation of the cover.
