Product name: camRade wetSuit GY-HM600/650
SKU: CAM-WS-GYHM600-650
EAN/UCC: 8718591670572

Resistant against:

Description
The camRade wetSuit GY-HM600/650 is a tailor-made rain cover that protects your handheld camera against the elements. Made of a special fabric with a soft lining this flexible cover can be used for both the JVC GY-HM600 and the GY-HM650 cameras.

The soft fabric lining minimalizes unwanted sound effects caused by wind and rain during operation. The cover also reduces the chance of the camera overheating by allowing hot air to escape via openings and vents.

The viewfinder monitor is protected by a transparent vinyl cover that can be opened for easy view and access. Vinyl windows are added on the side and back for view of the controls. The bottom of the cover can be opened and closed with a double zipper.

This item is supplied in a waterproof pouch with zipper, which you can use for storage and transportation of the cover when not in active use.
