Camgear V35P EFP

Payload 45KG  Bowl 150MM

Selectable 8 steps pan & tilt drag including zero position offer operators silky smooth movement and precise motion tracking and a shake-free shot.

Selectable 11 position counterbalance, thanks to newly featured 3 added position, it can do much finer adjustment for the cameras to reach the perfect balance.

Equipped with assembly lock mechanism, which ensures safe set-up of equipment.

Perfect solution for EFP and field-based HD production and studio application. It supports most portable broadcast cameras and camcorders in heavy configuration and studio applications with teleprompter or compact studio lens.

Quick-release mini Euro plate enables faster set-up of camera.
